Robert Anderson

## Ferndale Volunteer Fire Department

The Most Westerly fire department in the contiguous United States

**Po Box 485 Ferndale California 95536**

**Non-Emergency Phone Number 707-786-9909**

**[www.ferndalefire.org](http://www.ferndalefire.org)**

**We would like to thank everyone who supports our fire fighter, friends, family and community, Thank You!**

### **Why We Do The Annual Drive:**

The Ferndale Volunteer Fire Department is made up of a group of people wanting to make a difference in our community. We conduct the annual drive in April of every year to help fund our never ending training, to do maintenance on our fire halls, equipment and safety gear, and our fire department activities such as the 4<sup>th</sup> of July fire truck rides. By going to every house in our district we are able to introduce ourselves to the new members our community and stay in touch with the ones that have been here for a while. We also are looking to identify any special situations (children, elderly, etc.), to check smoke detectors, and answer any and all of your questions you may have. An addition to the FVFD coming door to door gives us a chance to be able to familiarize ourselves with potential hazards if our assistance were ever to be needed at your home.

### **Who We Are:**

Ferndale Volunteer Fire Department is made up of 31 men and women, who range from the 22 on up in age. We are divided up into 5 companies: Company 1,2,3,4, and Company 5 for our active retired. Most of you know someone on our fire department but may not notice until our pager goes off in the store or see us rushing to the hall when the siren blows to respond to the call.

### **What We Do:**

FVFD responds to all types of calls, structure fires, medical calls, vehicle accidents, hazardous conditions, lift assist and much more. We have a monthly meeting on the first Thursday and training drills on the second, third and fifth Thursdays of every month. FVFD is very fortunate to be in such a supportive community, their support allows us to pay back the community with events such as kid's rides on Independence Day, hosting blood drives, and decorating the town Christmas tree.

### **Fire Fighter of the Year:**

Every year an award is given to the Fire Fighter of the Year. This award goes to a fire fighter who has done an outstanding job in the past year. This year the award went to Andy Titus. Congratulations, Andy!

### **Explorers:**

We now have a youth program going with our department the Explorer program, partnered with Boy Scouts of America. At this time we have four young ladies enrolled and they participate with the department in all trainings and drills. By the time these young ladies graduate high school they will be able to join our department as a valuable member with a good foundation in public service established. If you would like to know more information about the Ferndale Explorer program please contact Becca Hartman at (707)502-4144 we would love to have more youth involved

### **Membership Drive:**

We are currently and actively looking for new members, anyone who has lived or worked a full time job in the FVFD district for more than six months, is over the age of 18 and under the age of 55 you are eligible. For more information on joining our department please feel free to contact any one of the chiefs or by attending the monthly officers meeting held the Monday before the first Thursday

### **Address Signs:**

In the past year we were able to post address signs in the rural part of our district. This has helped us be able to respond faster to our calls by having uniformed, clearly marked addresses at every house. If you would like an address sign for your house please contact us.

### **New Engine 3:**

In the coming months we are to receive a new engine to replace our 1986 International fire engine, known as 7323 or Engine 3. We have ordered a 2015 Rosenbauer Timberwolf, please come see it at the Independence Day Fire Truck Rides.
